## CAREER OBJECTIVE

---

BTech Computer Science graduate with a solid foundation in JavaScript, HTML, CSS, MySQL, and React.js. Passionate about front-end development, I am focused on creating intuitive and responsive user interfaces. With strong problem-solving abilities and a commitment to continuous learning, I am eager to grow and contribute in a dynamic, team-oriented environment. I am driven to leverage my skills to make a meaningful impact and further develop my expertise in web development.

## EDUCATION

---

### IMS ENGINEERING COLLEGE

Bachelor of Technology in Computer Science  
SGPA: 8.25

Ghaziabad, UP  
(2020-2024)

### MAHARAJA AGRASEN PUBLIC SCHOOL

12<sup>th</sup>, 70.8%

10<sup>th</sup>, 74.6%

TCS iON NQT(2024), 76%

Narela, Delhi  
(2019-2020)  
(2017-2018)

## PROJECTS

---

### 1. Employee Management System

- Built a role-based employee management system with separate dashboards for admin and employees.
- Integrated secure login functionality for both admin and employees.
- Enabled admin to create tasks, assign them with deadlines to employees, and track task completion status.
- Designed the employee dashboard to display assigned tasks, completed vs. pending tasks, and task details.
- Used Tailwind CSS for a responsive and user-friendly UI.

### 2. AI-Powered Image Enhancer

- Developed a web application that utilizes artificial intelligence to enhance image quality, upscale resolution, and improve image details in real-time..
- Integrated PicWish, which offers free APIs for seamless and high-quality image enhancement.
- Implemented a smooth before-and-after comparison interface to showcase AI-based transformations.
- Focused on clean UI/UX for an intuitive and responsive user experience

### 3. E-commerce (frontend)

- Proposed an e-commerce website using React.js. Implemented routing for seamless navigation across pages.
- Created functionality to filter products based on their categories.
- Enabled adding, editing, and removing showcased products.
- Utilized localStorage for data management in the absence of a backend.
- Enhanced React skills with a focus on state management and component reusability.

## WORK EXPERIENCE

---

### TECHNO FUNNEL (INTERNSHIP)

(JULY 2023- AUG 2023)

- A web development company specializing in modern technologies, where I worked as a trainee.
- Experienced in working with technologies such as React.js, MongoDB, Node.js, and Express.js.
- Gained knowledge about APIs and their roles in data extraction.

## SKILLS

---

**Technical skills:** C++ || || HTML || CSS || Bootstrap || Tailwind || JavaScript || React.js || Nodejs || MySQL/SQL

## ACHIEVEMENTS

---

1. Secured 3rd place in the GFG Coding Club at IMSEC.
2. Solved over 200+ questions in coding platforms.
